OUR SHOWS

More than a simple event agency, just me and conseil is a real source of original ideas.

To match the specific needs of establishments, Sonia Dari imagined large shows gathering a jumble of artists. These shows aim to reach a large range of public.

The « Dari show » presents different skills through many artistical performances such as humor, singing, dancing (Bollywood, Salsa, Rai, Chaabi)..

The « Nimp Party » is the concept that gather performances and atypical shows. The name of the party « nimp » means in French « everything and anything »

« The perfect show » give the opportunity to new artists to put forward their talents on stage, animated by prestigious entertainers, for a spectacular show worthy of great american shows, with a French touch.

Our goal is to turn members establishment into must see places for show, with the possibility of a live orchestra.
